## Flutter Developer - Fresher

 Priyanshsoni253@gmail.com |  9099052458 |  Ahmedabad - Gujarat  

### ABOUT ME

I am a Passionate Flutter developer eager to build scalable and user-friendly mobile application. With a strong foundation in Flutter and Dart, I have successfully developed multiple projects that showcase my ability to create functional and visually appealing apps. My journey in mobile app development has been driven by a deep curiosity to explore new technologies and solve real-world problems through code.

I have worked on various projects, including a shopping app, a plant app, and a to-do app, each of which has helped me gain experience in UI design, state management, and user experience optimization. Currently i am expanding my knowledge by learning backend development to gain expertise in handing database, APIs and authentication, which will enable me to develop more feature-rich application. My future aspirations include mastering full-stack mobile development and contributing to open-source projects.

I am actively seeking opportunities where i can apply my Flutter development skill, collaborate with talented teams, and grow as a developer. With a strong work ethic and enthusiasm for coding, I am confident in my ability to contribute to innovate mobile application.

### SKILLS

Language : Dart	Framework & Tools : Flutter, Firebase (Basic), Git, REST APIs	UI/UX : Material design, Glass Morphism UI, Animations, Theming
State Management : Provider, Riverpod & BloC (Learning)	Database Handling : In Progress (Exploring Firebase, SQLite, Hive)	

### EDUCATION

#### SECONDARY CERTIFICATION (2020)

Atmiya English Medium School

Percentage 70.9%

#### SECONDARY CERTIFICATION (2022)

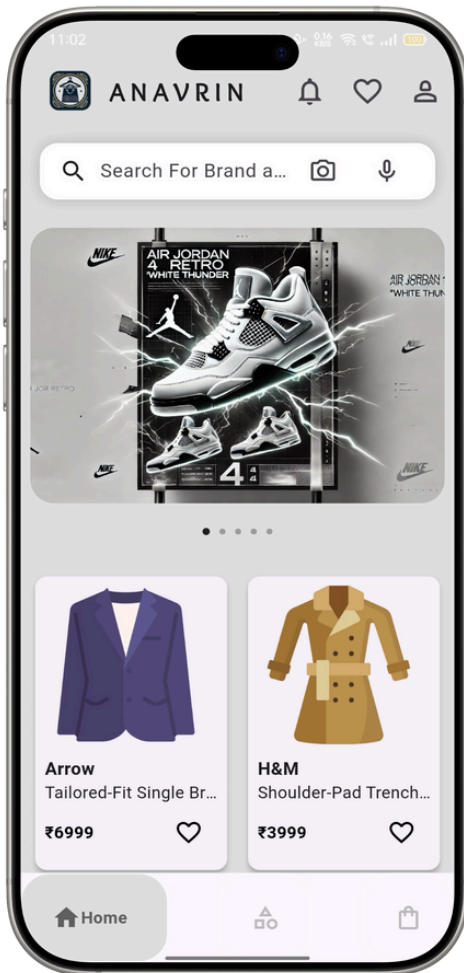

Genius English Medium School

Percentage 66.6%

### SOFT SKILLS

- Problem Solving
- Creativity
- Project Management
- Critical Thinking
- Teamwork & Collaboration

## PROJECTS

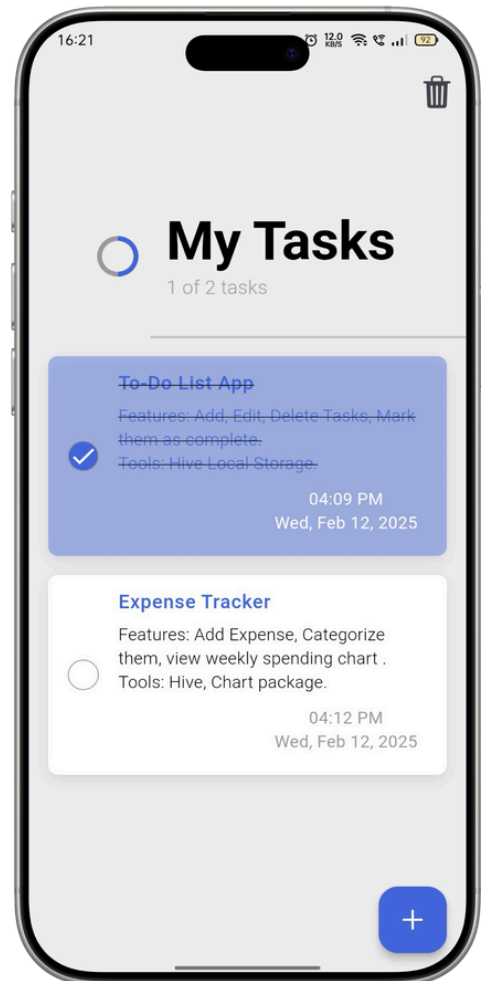

### ANAVRIN Shopping App

- Developed a User-Friendly E-Commerce app using Flutter.
- Implemented product listing, cart management, and a seamless checkout process.
- Designed an intuitive UI with smooth animations for a better user experience.

### Task Mate App (To-Do List App)

- Build a simple and efficient task management app using Flutter.
- Implemented features like task creation, update/delete tasks, and task completion tracker.
- Working on Hive Database handling for persistent task storage.

## ADDITION INFORMATION

- Passionate about mobile app development and problem-solving.
- Interested in backend development and full-stack mobile application.
- Looking for opportunities to contribute as a Flutter developer and grow professionally.
